PRESIDENT'S LETTER

Hello Chicago Safety Pros-

As we transition into the new Chapter Year, we are taking a break from hosting a webinar next month so that we can reset and consider what the Restore Illinois Plan and ASSP Society says about potential face-to-face meetings in the next year. You can tell us how you envision the Chapter year by completing our annual membership survey. As in previous years, we are offering 3 random Chapter members a \$50 gift card for completing the <10 minute survey! Be sure to check out the link below.

Its been roughly two years since publishing my first President's Letter and it feels bittersweet that this is my last. Leading a Chapter as an early career safety professional has been a real challenge but was also invaluable for the connections and experience earned considering I wasn't aware that professional occupational safety was a 'thing' until 2014! It has been a pleasure to serve you I hope the things we've accomplished--providing local training and networking opportunities, funding additional grants, and volunteering in the community might inspire you as well to get engaged. Come July 1st, please welcome your new Executive Committee led by incoming Chapter President Carmen Julia Castellon!

stay safe,
